Dear Mr. Yeung:

In accordance with our proposal to provide environmentally-considered interior material recommendations for Riverside South Development Buildings C and D, please find enclosed Part 2 of the Task 1 Report covering the following materials:

- building insulation
- gypsum board
- ceramic tile
- acoustical ceilings
- wood flooring
- resilient flooring
- kitchen casework.

Part 1 of the report, submitted on October 3rd, reviewed carpet, painting and wall coverings. This document contains a review of the materials specified, and presents environmentally-considered alternates, where these are available.

Please do not hesitate to contact me with any questions or comments, at (203) 857-0200. We would be pleased to present the report to the development team, at your convenience, in the near future.

Sincerely,
Steven Winter Associates, Inc.
